

COMMUNITY ANNOUNCEMENT

MOCK “*ACTIVE SHOOTER*” / *EVACUATION* TRAINING DRILL FOR GALLINA CAMPUS

With all of the recent school shootings, Jemez Mountain Public Schools and the Rio Arriba County Sheriff’s Department have collaborated in planning an onsite mock “*Active Shooter / School Evacuation*” training drill. We want to ensure that our students and staff are well trained in case an emergency should arise.

The drill will be conducted on **Wednesday, March 14, 2018**. The time of the drill will be not be announced. The element of surprise is part of the drill.

At one point during the training, our students and staff will be transported by school buses to a secondary location. After the drill is completed, the students and staff will be transported back to campus where they will resume a regular school day.

We will be scheduling a similar drill for the Lybrook Campus as soon as possible.
